

SENER FOUNDATION AWARDS FOR BEST Ph.D. THESIS 2024

INTRODUCTION

[Sener Foundation](#) was created in May 2002 by [Sener](#) and Sendagorta family to promote initiatives and activities based on two principles: to contribute to community social service and develop the socially responsible professional activity. The objectives of the Sener Foundation are spreading the spirit of the founders of Sener, characterized by the pursuit of scientific and technological knowledge, apply this knowledge to engineering projects to achieve the best solution for the needs of the environment; support in their work and / or in training to individuals or groups that stand out for their ability and initiative, scientific or technological competence and ethical responsibility, and foster moral and material progress of society through programs and projects of scientific and technological content.

OBJECTIVE

Sener Foundation, in order to stimulate research at the highest level in the sciences and technologies of its activity, has instituted an annual award for the best doctoral thesis.

RECIPIENTS

May opt to these awards all persons who have obtained a doctoral degree by university, in one of the scientific-technological areas related to the activity of the [society Sener Group](#), in the year of the date of the call, in 2024.

CHARACTERISTICS OF SENER FOUNDATION AWARDS

The award is a single prize worth 12,000 euros, for the author of the thesis, and 3,000 euros to be shared between the director or directors thereof, hereinafter "the parties". The prize will be subject to applicable withholding tax under current legislation.

In the event that the jury so considers, the work of another candidate may be recognised with a second prize; these second prizes will not be financially endowed and will only represent an honourable mention.

The awards ceremony is expected to take place in a private ceremony in 2025. The place of delivery shall, subject to confirmation, at the headquarters of the Sener Foundation in Madrid (Spain).

RULES

FIRST

Applicants will present their thesis and additional documentation in digital format by sending it by e-mail to fundacion@sener.es. If the files submitted exceed 10 MB, the application mail can be supplemented by an additional submission through platforms such Dropbox, OneDrive or similar (please specify this additional submission in the application e-mail).

The deadline for submission of applications is from 17 January 2025 to February 14, 2025.

The thesis must be submitted in Spanish or English.

SECOND

The documentation accompanying each application shall be:

1. Official certification of the university awarding the doctoral degree, indicating the marks obtained, name of director/s and members of the evaluation court.
2. Accreditation of any international awards.

3. Status of publications produced with the thesis in the rankings that measure the impact factor (citations) of these technical publications related to the subject matter of the thesis.
4. Explanatory note of how the thesis meets the criteria outlined in the fifth and sixth sections of these rules, signed by the author and director/s of the thesis. Inclusion of a brief informative explanation of the doctoral thesis.
5. Personal contact details (name, surname, telephone and e-mail) and CV.

THIRD

The Jury, appointed by the President of the Sener Foundation, shall consist of:

- Supervisors and winners of the doctoral thesis that won in previous editions.
- Doctors from Sener's staff, experienced in research.
- The trustees of the Sener Foundation having a doctoral degree.
- Doctors collaborating from the Sener Foundation who are experts in the subjects covered in the candidate thesis.

FOURTH

The technological areas to be framed the thesis are:

- Mobility
- Energy
- Aerospace and Defense
- Digital
- Diagnostics
